Attn: Chris Berry

Congratulations!

This is to confirm that you are officially a GAF Certified™ Contractor. Becoming a Certified™ Contractor is a special honor. You and your employees should be very proud. My guess is that property owners who choose your organization will realize that they have made a great choice.

Central Roofing Services Ltd is one of a small number of professional contractors in your metropolitan area that has earned this special factory-certified status. I wanted to take a moment to congratulate you on being chosen for such a fine honor. This status is special; very few professional roofing contractors meet the professional qualifications and commit to the superior standards required to become a GAF Certified™ Contractor.

How will your customers benefit? The special GAF Weather Stopper® System Plus Ltd. Warranty can only be offered by a factory-certified organization. This means your customers can receive much greater peace of mind, because this enhanced warranty more than doubles the coverage of traditional roofing warranties offered by competitors.

Central Roofing Services Ltd is also especially qualified to offer the Weather Stopper® 3-Part Roof Protection Program. By reputation, your company is among the very top in Canada for both quantity and quality in roofing installations.

Please don't hesitate to share this news with your customers and employees, and give me a call if you have any questions.

Best regards,

A handwritten signature in black ink that reads "Jim Slauson". The signature is written in a cursive, flowing style.

Jim Slauson
